

a	ctivity	BCN STEP BY STEP WORKSHOP ETSAB SU	JMMER SCHOOL
		This year summer course will focus on the varied fabrics that shape our	
			eral neighbourhoods and discover their urban layout
		, 0	ving carefully. Reading public space and analysing help us to understand the specifities and detach the
		identity of different tissues. By using BCN as case study we will be able to	
		apply the obtained kr	nowledge to other places and circumstances.
outcome		Working in mixed international groups students will realize a video on	
		their town-experience. They will learn to use stopmotion technic.
