

# COVID's LANDSCAPE

## X JOINT STUDIO INTERNACIONAL WORKSHOP Escola Tècnica Superior d'Arquitectura de Barcelona & School of Architecture Tsinghua University Beijing

### activity

#### INTERNATIONAL WORKSHOP

The Pandemics has triggered the emergence of new urban models, reflecting on the cities' present weaknesses while coping with a better relationship of the city with nature, agriculture, food production and mobility. In a context of confinement, social distance and need for healthier environments, the workshop aims to reflect on contemporary concepts and scientific findings informing our landscape to elaborate proposals sites COVID'19 and after. Contributing to knowledge of the PR of China in the development of eco-cities.

### program

Conferences, project analysis and tutorials within the workshop around a Barcelona site. Three monitored work groups of students from all universities will work cohesively to respond the workshop challenges.

There will be three joined sessions:

- 1\_Presentation of the workshop, conferences, analysis of project
- 2\_Intermediate. The Cerda block as a small eco-sustainable city
- 3\_Final. Public space COVID-19 and after
